

Ultra cutting tools use up to 60kN of force. Powerful yet lightweight, guillotine style tools can be used for cutting ACSR and armoured cable with the option of a special head for copper and aluminium. Also available in an open head tool for copper and aluminium cable up to 65mm diameter.

- Cutting head rotates for ease of positioning
- Data analysis via optical interface & USB adapter
- Ergonomic design for optimised centre of gravity for perfectly balanced tool
- LED illuminates work area
- More powerful motors and automatic stop system for increased speed, performance and battery lifetime

All featured tools are supplied with carry case, 1 x 18V 3.0Ah Li-Ion battery and 12V car charger.

- Quick motor stop guarantees safe operation
- Manual retraction stop (MRS) allows operator to move quickly on to next cut. Stops at the correct position for increased productivity
- Manual retraction where required
- Multifunctional LED indicates when battery is low & when tool requires servicing
- High performance 18V Li-Ion batteries offer 50% higher capacity and extremely short charging times (22 minutes)

## Klauke ESG45L

Extra Heavy Duty Head

CAT NO	ESG45L
<b>HEAD TYPE</b>	Guillotine Closed
<b>CUTTING FORCE</b>	60kN
<b>CUTTING RANGE</b>	45mm dia
<b>CABLE TYPES</b>	ACSR & armoured cable
<b>NUMBER OF CUTS</b>	Approx 150 dependent on cable type
<b>WEIGHT INC BATTERY</b>	5.7kg

## Klauke ES65L

Cable sizes up to 65mm dia

CAT NO	ESG65L
<b>HEAD TYPE</b>	Scissor Open
<b>CUTTING FORCE</b>	40kN
<b>CUTTING RANGE</b>	65mm dia
<b>CABLE TYPES</b>	Light armoured Cu & Al cable
<b>NUMBER OF CUTS</b>	Approx 120 dependent on cable type
<b>WEIGHT INC BATTERY</b>	6.3kg

## Klauke ESG50L

Lightweight Head for Cu & Al

CAT NO	ESG50L
<b>HEAD TYPE</b>	Guillotine Closed
<b>CUTTING FORCE</b>	60kN
<b>CUTTING RANGE</b>	50mm dia
<b>CABLE TYPES</b>	Cu & Al cable
<b>NUMBER OF CUTS</b>	Approx 140 dependent on cable type
<b>WEIGHT INC BATTERY</b>	4.7kg
