

Hand operated hydraulic cutting tools offer the safest and most convenient way to generate precise and high operating forces by hand. The ergonomic design features lightweight aluminium handles and a two-stage hydraulic system.

- High cutting capacities
- Suitable for cables up to 85mm diameter
- For armoured copper and aluminium cables and aluminium/steel cables
- Extremely sturdy cutting heads

Klauke HSG45

Closed Head Cutting Tool

CAT NO	HSG45
CUTTING FORCE	60kN
CUTTING RANGE	45mm dia
CABLE TYPES	ACSR, Cu and Al cable
HEAD TYPE	Guillotine Closed
LENGTH	560mm
WEIGHT	4.9kg

Klauke[®]
A Textron Company

All hand hydraulic cutting tools are supplied with a steel carry case

Klauke HSG50

Lightweight Tool

CAT NO	HSG50
CUTTING FORCE	60kN
CUTTING RANGE	48mm dia
CABLE TYPES	Cu and Al cable
HEAD TYPE	Closed Flip-Top
LENGTH	540mm
WEIGHT	3.5kg

Klauke HSG55

120kN Heavy-Duty Cutting Tool

CAT NO	HSG55
CUTTING FORCE	120kN
CUTTING RANGE	55mm dia
CABLE TYPES	ACSR, Cu & Al cable
HEAD TYPE	Guillotine Closed
LENGTH	605mm
WEIGHT	7.3kg

Klauke HSG85/2

Wide Cutting Range

CAT NO	HSG85/2
CUTTING FORCE	60kN
CUTTING RANGE	85mm dia
CABLE TYPES	Cu & Al cable
HEAD TYPE	Guillotine Closed
LENGTH	677mm
WEIGHT	4.9kg
