

Horizon provide a wide range of hydraulic breakers and power packs for every application.

BR40 & BR48 Light & Medium Duty Breakers

Used for light concrete or asphalt breaking or scoring, small rock breaking, rod driving or tamping applications. Available with anti-vibration handles.

CAT NO	BR40	BR48
FLOW RANGE	12 - 24 lpm	26 - 34 lpm
PRESSURE	90 - 140bar	105 - 140bar
LENGTH	60cm	76cm
WIDTH	36cm	45cm
WEIGHT	18kg	26kg

BR67S Heavy Duty Breaker

The Stanley BR67S anti-vibration damped breaker is ideal for medium and heavy duty breaking tasks. Many utility companies use it for installing duckbill ground anchor systems.

The Stanley BR67S is designed with spring dampened anti-vibration handles to reduce operator fatigue whilst maintaining the power in the tool.

CAT NO	FLOW RANGE	PRESSURE	LENGTH	WIDTH AT HANDLES	WEIGHT
BR67S	26 - 34 lpm	105 - 140bar	73cm	46cm	34kg

GT09 & GTR20 Power Packs

Hydraulic supply for hydraulic breakers and other power tools.

CAT NO	GT09	GTR20
OUTPUT CAPACITY	20 lpm	2 x 20 lpm & 1 x 40 lpm
PRESSURE	138bar	140bar
ENGINE TYPE	Honda 8hp	Honda 20hp
FUEL TYPE	Unleaded Petrol	Unleaded Petrol
STARTING SYSTEM	Recoil Start	Electric
DIMENSIONS (L x W x H)	667 x 527 x 540mm	900 x 546 x 737mm
WEIGHT	68kg	150kg
