

Breakers

HM29

For high output applications such as reinforced concrete and heavy roadwork asphalt. Vibro damped handles provide one of the lowest available vibration levels. Robust steel cast construction for maximum strength and durability. Sealed hydraulic system resulting in low noise and elimination of freezing problems. High reliability and long service life.

HM25LV

The HM25LV breaker, when used with the Beaver Powerpack, gives the ultimate in terms of performance and ultra low hand arm vibration levels. Unique JCB patented active hydraulic suspension dispenses of traditional springs and bushes to give single axis vibration of 1.6m/s².

CAT NO	FLOW RANGE	PRESSURE	WEIGHT
929/92700	20 lpm	90 - 110bar	29kg
929/92900	30 lpm	90 - 110bar	29kg
HM25LV	18 - 22 lpm	90 - 110bar	27kg

Power Packs

Beaver

A powerful and robust power pack yet still lightweight. Power-on-demand system for reduced offload engine noise and low fuel consumption. Also available with diesel engine.

Trojan

A range of heavy-duty power packs with either 20 lpm or 30 lpm outputs, which provide extra power for heavier breaking, drilling and cutting applications.

Multiflow

Power pack that with the simple turn of a lever allows the use of handheld attachments that require 20, 30 or 40 lpm.

CAT NO	ENGINE	FUEL	POWER	HYDRAULIC FLOW	MAX PRESSURE	WEIGHT
BEAVER	Honda GX240	Petrol	6 / 8kW	20 lpm	138bar	66kg
TROJAN	Honda GX390	Petrol	9.7kW	20 or 30 lpm	138bar	93kg
MULTIFLOW	Briggs and Stratton Vanguard	Petrol	13.4kW	20, 30 or 40 lpm	138bar	102kg

Accessories

A range of accessories is available including hydraulic hoses, chisels, asphalt cutters,moil points etc.
