

We offer a complete range of vinyl and canvas storage bags for all Hot Line Tools, By-Pass Jumper Sets, Earthing Sets etc. Featured below is a selection of some of the common bags we supply. Storage bags can also be tailor made to suit your individual requirements. Bags have flap with Velcro fastening and can be supplied with or without carry handles. We can also supply a range of Holdalls, Bolt Bags, Tool Frogs and Tool Holders.

Insuline Bags

Specially designed for storage of our Insuline Shrouding. The bag is made from heavy duty vinyl with reinforced base. Nylon strap for attachment to side of aerial bucket or top of pole. Holds up to 50 lengths of 21 mm shrouding.

Square Bags

B24 is ideal for storage of HV Earths, B17 can be used for LV Earth sets, hydraulic hoses or By-Pass Jumpers.

Operating Rod Bags

Designed for slot together operating rods with pockets for heads.

Bolt Bag CTB-1

Our bolt bag is manufactured with high quality, heavy duty canvas. Deep body for safe storage of tools with a convenient front pocket for screws and nails. Durable nylon straps and buckles for easy attachment to work belt or harness.

Holdall

Vinyl with strong reinforced base and carry handles. Ideal for heavier equipment and for storage of multiple items such as flexible shrouding kits. 2 sizes available.
