

## Gaff Type Pole Climbers

Industry standard Klein Pole Climbers are adjustable in length, 15" to 19" (381mm to 483mm). Climbers come complete with gaffs, pads, calf and ankle straps which are also available as spare parts. Additionally, we supply a gaff sharpening kit which includes file, honing stone, gaff gauge and instructions. Velcro cushion pads and 'C' type felt lined pads are available as optional extras where the user requires greater support and comfort.

| CAT NO    | DESCRIPTION  |
|-----------|--|
| CN1972 AR | Klein Pole Climbers (pair)                         |
| 72        | Pair of Replacement Gaffs 1.5" (38mm)              |
| 8210      | Climber Pads (pair)                                |
