

## Panther

The Panther is a powerful, robust and rechargeable searchlight, with both long distance spotlight and local area floodlight beams. Used for professional applications by the emergency services, utility companies, security organisations, military and rescue teams. It is virtually unbreakable, incorporating a toughened lens and a shock resistant polyethylene plastic casing. Water resistant, it can be used in all weather conditions. Four versatile models available. Panther HID features Li-Ion batteries requiring less maintenance. Supplied with 240V AC charger and 12V DC vehicle charger can be ordered separately.

CAT NO	LIGHT OUTPUT (HIGH / LOW)	LIGHT SOURCE	RUN TIME (HIGH / LOW)	CHARGE TIME	BATTERY	WEIGHT
<b>PANTHER</b>	1500 / 350 lumens	50W/20w Halogen	1h 30m / 4h	8h	12V 7Ah Lead Acid	3kg
<b>PANTHER-LED</b>	1500 / 1000 lumens	9 Cree LED	3h 30m / 6h	8h	12V 7Ah Lead Acid	3kg
<b>PANTHER-LED-LITE</b>	1500 / 1000 lumens	9 Cree LED	4h / 8h	6h	12V 7Ah Lead Acid	1.6kg
<b>PANTHER-HID</b>	5200 lumens	50W HID / 3W LED	2h / 11h	8h	14.8V 7.8Ah Li-Ion	1.6kg

## NS750-LED

Designed for the utility sector where a long range beam is required for overhead inspections of power lines, this model has now been upgraded with LED technology. The NS750-LED offers a spot beam of 1500 lumens with a 1000 metre beam. It has 4 light modes: high, low, flashing and strobe function, operating for 6-13 hours. Supplied with a 240V charger.

CAT NO	LIGHT OUTPUT (HIGH / LOW)	LIGHT SOURCE	CHARGE TIME	RUN TIME (HIGH / LOW)	BATTERY	WEIGHT
<b>NS750-LED</b>	1500 / 1000 lumens	9 Cree® LED	8h	6h / 13h	12V 7Ah Lead Acid	3.1kg

## LED Spotlight

These ultra lightweight and highly compact handlamps offer up to 850 lumens and a long distance spot beam of up to 500m. The LED offers a much greater run time and will never need to be replaced (50,000hr life). The robust casing is drop, shock and water resistant and includes an integrated adjustable stand. The handle is also adjustable (90°) allowing the torch to be used for searchlight applications or as a general handlamp. Quick recharge (4 hours) by mains or vehicle charger - both included.

CAT NO	LIGHT OUTPUT (HIGH / LOW)	LIGHT SOURCE	RUN TIME (HIGH / LOW)	CHARGE TIME	BATTERY	WEIGHT
<b>3MCPLED</b>	180 / 40 lumens	3W LED	4hr / 10h	4h	2 x 4V 0.7Ah	0.535kg
<b>10MCPLED</b>	850 / 280 lumens	10W LED	5h 30m / 13h	9h	1 x 4V 5.5Ah	1.343kg

## Trio

The Trio is a weatherproof rechargeable handlamp. Its ultra-bright LEDs produce a 500 metre beam and can operate for 13 hours per full charge. In the unfortunate event of a power cut, the Trio is equipped with an emergency function enabling the torch to automatically illuminate. The Trio features an LED indicator for battery power level, light output of 230 lumens and a durable ABS wall socket for wall mounting. Supplied with mains and vehicle chargers and detachable shoulder strap.

CAT NO	LIGHT OUTPUT	LIGHT SOURCE	CHARGE TIME	RUN TIME (HIGH / LOW)	BATTERY	WEIGHT
<b>TRIO</b>	<230 lumens	3 x 0.5W LED	15h	13h (Low) / 5h 30m (High)	6V 4Ah	1kg
