

## Commander XML

Utilising the latest in LED technology, the Commander features a newly upgraded XM-L LED and now offers 1000 lumens. With 3 mile visibility, this is an incredible light output for a lightweight and compact LED flashlight / searchlight. The Commander will operate for up to 120 hours, and has several functions including 'strobe' mode, used by the emergency services to disorientate intruders and criminals, and 'SOS' mode for urgent situations. The battery charging cradle can charge two batteries simultaneously and has an LED charging indicator.

CAT NO	LIGHT OUTPUT	LIGHT SOURCE	CHARGE TIME	RUN TIME (HIGH / LOW)	BATTERY	WEIGHT
NS-COMMANDERXML	< 1000 lumens	Cree XM-L LED	4h / 7½h	1.6h / 120h	18650 Lithium	0.2kg

## Explorer XP-G

With XP-G LED, the NightSearcher Explorer now offers double the light output at 300 lumens and 5 light modes: including dimmable, strobe and SOS. The Explorer is one of the most powerful flashlights available on the market. With the high performance LED, precision lens and reflector, it produces an amazingly powerful beam and will operate for over 2½ hours per charge. The high spec aluminium housing is water and shock resistant and offers corrosion protection.

CAT NO	LIGHT OUTPUT	LIGHT SOURCE	CHARGE TIME	RUN TIME (HIGH / LOW)	BATTERY	WEIGHT
NS-EXPLORERXPG	<300 lumens	Cree® XP-G LED	6h	2½h / 60h	3.7V 2200mAh Li-ion	0.247kg

## Zoom

This high powered, compact LED flashlight offers 150 lumens and 2 mode settings: high and low. Powered by 3 x AAA batteries (included) it will operate for up to 65 hours. With a simple push the Zoom can be adjusted from a long distance spot to a local wide flood beam, making the Zoom the ideal flashlight for use in confined spaces. Headband available to convert to a versatile headlamp.

CAT NO	LIGHT OUTPUT (HIGH / LOW)	LIGHT SOURCE	RUN TIME	BATTERY	WEIGHT
NS-ZOOM	150 / 15 lumens	Cree LED	65h @ 15 lumens	3 x AAA	0.121kg

## Magnum

This tactical LED searchlight offers an impressive 1,080 lumens output and a 550 metre beam. The Magnum has 4 mode options with 1 LED, 3 LED, 6 LED and strobe function. The rechargeable NiMH battery will operate for 1.2 - 7.5h dependent on mode setting, and recharges in 8 hours. Machined in robust aluminium housing, the Magnum LED searchlight is shock and water-resistant. Supplied with mains charger and shoulder strap.

CAT NO	LIGHT OUTPUT	LIGHT SOURCE	CHARGE TIME	RUN TIME	BATTERY	WEIGHT
NS-MAGNUM	1080 lumens	Cree® XR-E LED	8h	<7.5h	3.7V NIMH	1.2kg
